 Suited for Tank Storage, Metering
 Stations, Multi-Product Manifolds

About Rawson

Vast market knowledge, in combination with strong customer service relationships, keeps us on the forefront of our customers’ needs. With an experienced and diverse technical staff, Rawson can aid in product selection as well as product development. Our goal is to partner with our customers to help them develop innovative and sustainable solutions, and cut costs through technology, operations excellence and strong customer focus.

We customize to the needs of our customers and vendors through strong, long-term relationships and close collaboration. These long-term relationships help us to establish formalized processes for each customer that lead to documented cost savings. Our value is also evident in the safety programs we offer to our customers. We don’t just respond to emergencies, we create systems to anticipate and eliminate them.

About ERIKS North America

Rawson is part of ERIKS North America. ERIKS (www.ERIKS.com) has been a leading international industrial service provider since 1940. ERIKS North America offers a wide range of innovative, high-quality mechanical engineering components and associated technical and logistical services from 140 locations across the United States, Canada, and Mexico. We provide the highest quality product standards in the industry, along with the peace of mind knowing that our products and fabrication are consistent, location-to-location, across our extensive footprint. From agriculture to power generation and from oil and gas to food and beverage, ERIKS North America provides a local presence and infinite possibilities, backed by ERIKS’ worldwide network of resources and know-how with over 300 locations in 20 countries. For more information, please visit www.ERIKSNA.com.

Let’s make industry work better
