### About Rawson

Vast market knowledge, in combination with strong customer service relationships, keeps us on the forefront of our customers' needs. With an experienced and diverse technical staff, Rawson can aid in product selection as well as product development. Our goal is to partner with our customers to help them develop innovative and sustainable solutions, and cut costs through technology, operations excellence and strong customer focus.

We customize to the needs of our customers and vendors through strong, long-term relationships and close collaboration. These long-term relationships help us to establish formalized processes for each customer that lead to documented cost savings. Our value is also evident in the safety programs we offer to our customers. We don't just respond to emergencies, we create systems to anticipate and eliminate them.

## Other Product Solutions

### Hydraulic & Industrial Hose

Our hoses solutions available, fabricated to NAHAD, RMA, UL and CGA standards. From fittings and couplings to custom-cut and assembled hoses for every use, we've got what you want, where you want it... at nearly 90 locations across North America.

- General industrial service hose
- Stainless steel braided hose
- Strip wound interlocked metal hose

### Loading Arms & Systems

Our loading / unloading arms or liquid piping transfer systems use related access equipment like gangways and rack systems. We offer the following truck and rail loading arm products:

- SBLA or TBLA Counterweight Balance
- High Capacity Hose Handlers
- Open System /Closed Loop System
- Jacketed/Heated
- Vapor Recovery
- Pneumatically Actuated

### About ERIKS North America

Rawson is part of ERIKS North America. ERIKS (www.ERIKS.com) has been a leading international industrial service provider since 1940. ERIKS North America offers a wide range of innovative, high-quality mechanical engineering components and associated technical and logistics services from 140 locations across the United States, Canada and Mexico under four companies—including Lewis-Goetz, Rawson, Industrial Controls, and ERIKS Seals and Plastics. From agriculture to power generation and from oil and gas to petrochemicals, ERIKS North America provides a local presence and infinite possibilities, backed by ERIKS' worldwide network of resources and know-how from more than 300 locations in 20 countries. For more information, please visit www.ERIKSNA.com.

### Gaskets & Seals

We are a leading technical resource for seals and gaskets required for demanding applications. We provide our customers with the unique combination of product and material expertise combined with efficient, customized logistics.

- Flange Gaskets
- O-Rings
- Rotary Shaft Seals
- Fluid Power Seals
- Mechanical Seals & Braided Packing

### Filtration

Our team offers an extensive knowledge of contaminants, environmental requirements and regulations, non-hazardous material management and health & safety, enabling us to design solutions to help meet your specific project. We are ready to help you choose the most cost-effective filters to meet your treatment goals and comply with industry standards.

- Bag & Cartridge Filtration
- Basket Strainers & Separators
- Self-Cleaning Mechanical Disk
- RO / Ultra-Pure Filtration
- Complete Filtration Skids
