Other Product Solutions

Hydraulic & Industrial Hose

We provide the finest, most comprehensive hose solutions available and fabricated to NAHAD, RMA, UL and CGA standards. We are one of the largest hose fabricators in North America and provide custom-cut, crimped and coupled hose assemblies at nearly 90 locations across North America.

- Industrial Hose
- Hydraulic Hose
- Metal Hose

Loading Arms & Systems

Our combination of products and services will ensure optimum performance in your bulk liquid transfer operations. We have solid relationships with top manufacturers and can offer technical expertise and co-engineered solutions.

- Loading Arms
- Rack Systems
- Swivel Joints
- Dry-break Couplers
- Accessories

Gaskets & Seals

We are a leading technical resource for seals and gaskets required for demanding applications. We provide our customers with the unique combination of product and material expertise combined with efficient, customized logistics.

- Flange Gaskets
- O-Rings
- Rotary Shaft Seals
- Fluid Power Seals
- Mechanical Seals & Braided Packing

Filtration

Our team offers an extensive knowledge of contaminants, environmental requirements and regulations, non-hazardous material management and health & safety, enabling us to design solutions to help meet your specific project. We are ready to help you choose the most cost-effective filters to meet your treatment goals and comply with industry standards.

- Bag & Cartridge Filtration
- Basket Strainers & Separators
- Self-Cleaning Mechanical Disk
- RO / Ultra-Pure Filtration
- Complete Filtration Skids

About Rawson

Vast market knowledge, in combination with strong customer service relationships, keeps us on the forefront of our customers' needs. With an experienced and diverse technical staff, Rawson can aid in product selection as well as product development. Our goal is to partner with our customers to help them develop innovative and sustainable solutions, and cut costs through technology, operations excellence and strong customer focus.

We customize to the needs of our customers and vendors through strong, long-term relationships and close collaboration. These long-term relationships help us to establish formalized processes for each customer that lead to documented cost savings. Our value is also evident in the safety programs we offer to our customers. We don't just respond to emergencies, we create systems to anticipate and eliminate them.

About ERIKS North America

Rawson is part of ERIKS North America. ERIKS (www.ERIKS.com) has been a leading international industrial service provider since 1940. ERIKS North America offers a wide range of innovative, high-quality mechanical engineering components and associated technical and logistical services from 140 locations across the United States, Canada, and Mexico. We provide the highest quality product standards in the industry, along with the peace of mind knowing that our products and fabrication are consistent, location-to-location, across our extensive footprint. From agriculture to power generation and from oil and gas to food and beverage, ERIKS North America provides a local presence and infinite possibilities, backed by ERIKS' worldwide network of resources and know-how with over 300 locations in 20 countries. For more information, please visit www.ERIKSNA.com.

Let's make industry work better
